University

High School Students!
Sixth Annual McMaster Brain Bee
February 17, 2009

The **Brain Bee** is an exciting competition for high school students that inspires passion about the brain and neuroscience. You will learn about intelligence, memory, emotions, sensations, movement, stress, aging, sleep, addiction, and many other brain topics.

High schools students from the Hamilton-Halton-Niagara region (and surrounding area) are invited to compete in the 6th Annual McMaster Brain Bee, on February 17, 2009. Participation is a great way to **add to your resume**, and win great **prizes** and **trophies**.

Our champion will compete in the **CIHR Canadian National Brain Bee** (<http://brainbee.ca>), to be held at McMaster University in the spring of 2009. How exciting to compete for the National title, trophies, cash prizes (\$1500 for first prize, \$1000 and \$500 for 2nd and 3rd prizes) and a summer internship in a neuroscience laboratory for the 1st place winner! The national winner will represent Canada at the **International Brain Bee** at Baltimore, Maryland in the fall of 2009. Great cash prizes, scholarships, and trophies are awarded across the 3 levels of the competition!

2008 McMaster Brain Bee competitors

We'd like to see your face in our 2009 group photos! It's a great experience and a fun way to see what's going on at the university. Come and join us!

We look forward to seeing you in 2009!
Visit our web site to find out how to get involved!
